## NO HOLIDAY SCRAP NEAR WASHINGTON

Proposed Lowe-Lewis Affair  
Didn't Materialize.

## CROWLEY AND STEIN STAND

They Meet Tomorrow Night in Baltimore—Ristic Leonard Coming to Life Again.

The fifteen-round fight which was to be held tomorrow between Tommy Lowe and Danny Lewis as a sort of holiday diversion for the lovers of boxing has been postponed indefinitely.

Johnny O'Connor branched out all by himself as a promoter on Friday and the dream lasted nearly a whole day. Then the hop got wet in the rain, he awoke and there is nothing doing. He tried divers expedients to get a proper place in which to hold the bout, but could not get next in time to let the ready-money boys who were to recompense him with their admission fees know where it was to be held, and this morning he sadly announced that there would be no festive festivities to celebrate the exploits of the hard-fisted heroes who furnished the original excuse for burning your fingers on the fourth day of the seventh month.

## O'Connor is Hustling.

But in his wild desire to see things happen Johnny arranged a contention between Eddie Crowley and Kid Stein, which will take place before the Nonpareil Club in Baltimore tomorrow night. Stein is the man who accomplished the rather remarkable feat of putting Tommy Daly to sleep after the Brooklyn boxer had gone for years and years without taking a nap in a squared circle. He is a swiftest of great force, but in Crowley he meets a game youngster who can take a punch and is willing to do so in order to get a crack at his man.

Should Crowley put the kibosh on Stein he will be matched to box a good man before a club which Ristic Leonard is engineering. Ristic has been so busy trying to find wrestling partners for Farley, the man who has a reputation of being strong as a spring onion, that he has not had much time to devote to the mitt game, but he says that he is once more ready to resume operations, and will hold some entertainments in the near future. It is to be hoped they will be in both, as the sports are more than anxious to see a good set-to in this vicinity.

## POOR MR. UMPIRE GOT HIS BUMPS!

Beer Bottle Shower Fell in  
Louisville.

LOUISVILLE, Ky., July 2.—Umpire W. J. Sullivan was brutally attacked by a howling mob at Eclipse Park Saturday afternoon, and but for the prompt interference of the police he would have been severely dealt with. As it was he received a number of blows from beer and pop bottles thrown by those who were attacking him, while others hit him in the face with quids of tobacco and still others spat upon him.

The mob followed the umpire from the ball park at Seventh and Kentucky streets up to the door of his hotel on Jefferson street, a distance of more than a mile, and in spite of the fact that half a dozen policemen surrounded him members of the mob did their best to get to him throughout the trip, which was made in a trolley car. Sullivan was not seriously injured and only two of the attacking party were arrested.

## Called Fair Ball Foul.

The trouble occurred in the ninth inning, when, with the score 2 to 1 in favor of Columbus, Sullivan singled past third, and Clay, the next man up, hit a two-bagger down the left field foul line. The ball was fair by at least three feet, but the umpire called it foul. Clay and the other Louisville batsmen were quickly retired, and then the mob went after the umpire.

A storm of beer bottles fell about him, but he made his way to the entrance, surrounded by the police. He was finally hustled into a car, which proceeded to the city. The mob also boarded the car, but the police prevented serious harm being done.

## RULIN AFTER WINNER.

NEW YORK, July 2.—Billy Madden, manager of Gus Rulin, of Akron, Ohio, is out after a match with the winner of Jack Root vs. Marvin Hart fight. Rulin has fought Hart two hard draws and thinks he is entitled to the first chance with the Louisville boy in the event of his winning over Root.

## TWO GOOD GAMES FOR THE HOLIDAY

Commissioners Play Gun-  
ton and Fourth.

## MORNING AND AFTERNOON

Guntons Have First Chance at Ameri-  
can League Park, and Fourth  
Follows After Lunch.

One of the best games of baseball played in Washington on July 4 will be that between the crack Commissioner team and the strong Gunton Temple team, from the Sunday School League.

These two popular organizations will cross bats at the American League Park tomorrow morning at 10 o'clock. They rank among the best in the city, and a fine game is expected. Manager Helm, of the Commissioners, and Frank Hubbard, of Gunton, have promised to put in their strongest line-ups, and the trip out to the park will be rewarded by the good game which is certain to result from the coming together of these fast teams.

## Fourth in Afternoon.

The Commissioners will engage in another hard game on the afternoon of the Fourth of July, when they line up against the Fourth Presbyterians, of the Sunday School League. This game will also be played at the American League Park.

These games will enable local fans to find out the relative merits of the Sunday school organizations and the independent teams. Manager Helm says that he realizes he is undertaking a big task to defeat these two in one day, but believes his boys will be able to accomplish the undertaking.

## OTHER ATHLETES NOW HAVE CHANCE

College Oarsmen No Longer  
Whole Thing.

NEW YORK, July 1.—Now that the college oarsmen have had their sport and the question of supremacy on the water has been settled for the year at least, other sports have a chance again until the football season opens.

The American athletes abroad come in for a good share of attention. In tennis the quarter of American experts have well upheld the honor of the Stars and Stripes, the Vesper oarsmen have got the Englishmen guessing, while the Harlem pair will probably be able to show the Germans a thing or two about rowing.

England proposes to get her revenge by sending a championship cricket team over here next month. It is composed principally of Oxford and Cambridge men and will be captained by E. W. Mann, captain of the Cambridge team this season. The other men are M. C. McDonnell, R. W. Payne, E. H. Effe, F. J. V. Hopley and G. G. Napier, of Cambridge, and R. T. Godsell, R. C. W. Burn, H. J. Ovid, K. O. Hunter, F. H. Hersley and A. S. Stow, of Oxford.

The team will play here against the local cracks on August 5 and will also play in Philadelphia. Before coming to this country it will make a tour of Canada, playing in Toronto, Ottawa, Quebec and Montreal.

The automobilists will be busy this week. When the American Automobile Association holds its national meet at Morris Park on those days one of the star contests will be for the Thomas \$1,000 trophy offered by Harold Thomas for competition between representatives of the Chicago Automobile Club and the Automobile Club of America. For this meeting Robert Lee Morrell, chairman of the racing board, has also arranged a number of novel contests that should not alone supply good sport, but which are expected to give probable buyers of cars an idea of what is best for their use.

Included among the races is one for touring cars, fully equipped, carrying driver and three passengers. Passengers will be undressed at the start and will be taken on again at the second lap. On the homestretch of the last lap the cars will be required to dodge obstacles, such as barrels, to be placed there by the racing committee. Then there will be an endurance race, in which five cars will compete. They will be placed at equal distances around the track, and when one car catches up to the latter is out of the race. The race then continues until only one car remains.

There will also be championships at various distances for all types of cars, including the Diamond Cup race.

## ALOYSIUS CAPTAIN

SECOND BASEMAN BROWN.

One of the Fastest and Most Reliable Infielders in Capital City League.

## Personal Comment on Men and Things in the Field of Sports

### BASEBALL.

Jake Stahl would have scored heavily had he landed Young Ruelbach, the crut, who is pitching such great ball for the Chicago Nationals. When Stahl was at the University of Illinois, Ruelbach was the crack twirler at Notre Dame, and was one of the few Western collegians who could buffalo the present National manager.

Joe Corbett has at last retired from the diamond, and is now shaking together his shakels in a prosperous hat store in San Francisco.

Joss, of Cleveland, is heading all the American League twirlers with a record of eleven victories to two defeats.

George LaChance, the first baseman who could not keep the American pace, is fast string of life in the Eastern League, and is making a bid for the managership of some team in the Connecticut league.

After having been bounced about from New York to Cincinnati, to Pittsburgh, to St. Louis, Elmer Smith has settled down at Wilkesbarre, and is playing fast ball for that team.

Speaking of the work of Billy Maloney, the former Georgetown catcher, who is at present with the Chicago Nationals, Ned Hanlon says: "He is a sensation—a wonder. He is a grand fielder. He made several catches while we were in the Windy City that were nothing short of phenomenal. And fast—why, he can beat the wind. He certainly does get down the line faster after he hits the ball. He is stealing bases every day, getting in sacrifice hits and sneaking the ball. He is a grand youngster—the kind that is not picked up every day in the week."

The following are the Eastern League batters who are in the 300 class: La Porte, Buffalo, 333; Glassborner, Buffalo, 333; Beyers, Baltimore, 418; Burchell, Baltimore, 333; Keister, Jersey City, 327; Merritt, Jersey City, 329; Clements, Jersey City, 329; Bean, Jersey City, 329; McFarland, Providence, 332; Dunn, Providence, 333; Thomas, Providence, 332; Crystal, Toronto, 333; Wagner, Newark, 333; Barclay, Rochester, 334; Wagner, Montreal, 332; Gibson, Montreal, 332.

The Commissioners of this city will play the Walbrook Club in Baltimore this afternoon.

Baseball is an in and out struggle. Tee hee!

When Charley Moran was let out by St. Louis to Indianapolis it marked the passing of another former college star from the major to the minor leagues. In his days at Georgetown, Moran was without a peer among the college shortstops, but he has never shined in the professional ranks, and his transfer to Indianapolis is likely to be followed by his permanent retirement.

As though Jimmy Collins has not enough trouble already with his Boston bunch, Gibson, the former Notre

Dame pitcher, is useless, as his arm has gone back on him, and he may never twirl again. The spit ball is said to have caused Gibson's breakdown.

Minneapolis, Columbus, and Milwaukee are putting up a stiff fight for the pennant in the American Association.

Herman Long is making a success as a manager. His Des Moines team has jumped into the lead in the Western League.

### MISCELLANEOUS.

If the Potomac Boat Club crew, which will race on the Schuylkill river tomorrow, wins, it will be entered in the intermediate class in the English sport, will make another try to lift the America's yacht cup.

News has reached New York through a reliable private source that Sir Thomas Lipton, the English sport, will make another try to lift the America's yacht cup.

The Amateur Athletic Union has decided not to accept the record recently made by Perry, of the University of Chicago, when he threw the twelve-pound hammer 34 feet 6 inches. The Western athlete did not throw from the official wooden circle.

TOM ROLAND.

## PHILADELPHIA GETS THE MIDDLE STATES

Famous Regatta to Be Held in the  
Quaker City on Labor  
Day.

The regatta committee of the Middle States Regatta Association has announced that the annual regatta this year will be held at Philadelphia on Labor Day, September 4. The program is made up of fourteen rowing events, as follows: Junior single scull, intermediate single scull, association senior single scull, senior single scull, junior double scull, intermediate double scull, senior double scull, intermediate centipede, junior octopod, junior four gig, senior four shell, junior eight shell, intermediate eight shell, and senior eight shell. James Pilkington, of the Harlem R. C. and president of the National Association of Amateur Oarsmen, has been selected as starter.

J. H. Abeel, Nassau E. C., J. Cassidy, Ravenswood B. C. and J. J. Murphy, Nonpareil B. C., will act as timers. Philadelphia clubs will supply the other officials.

### BATHING BEACH

BOAT HOUSE, foot of 17th st. Open day and night. Live bait on hand. Rowing, sailing, and fishing. M. W. HERKIMAN. Je29-104

## COLUMBIA MEET HELD TOMORROW

Outlook Promising for  
Fastest of Games.

## SATISFIED WITH ENTRIES

Management Pleased With Way Ath-  
letes Have Responded to Invitations.  
Gold Medals for Winners.

Indications point to a most successful inaugural field and track meet under the auspices of the Columbia Athletic Club at the Coliseum tomorrow afternoon.

The full list of entries is now in the hands of the official handicapper of the Amateur Athletic Union at Baltimore, and they will not be returned until this evening.

The manager of the turnery is perfectly satisfied with the number of athletes who have decided to compete and as most of the contestants are Washington men it is to be hoped that a large crowd will witness the games.

### Ten Events.

There are ten regular events on the card besides several relay races. Gold medals will be awarded the winners in the different events while second men will receive bronze trophies.

The list of entries follows:  
100-yard dash, boys under sixteen;  
100-yard dash, 220-yard dash, 440-yard run, 880-yard run, one-mile run, running broad jump, 120-yard hurdle race, running high jump, putting 16-pound shot.

## MURPHY ATTRACTS CRACK ATHLETES

Pennsylvania Profiting by  
His Engagement.

## LANDED GOOD HIGH JUMPER

Risley, Who Has Done Six Feet, Will  
Wear Red and Blue—Other  
Acquisitions.

PHILADELPHIA, Pa., July 2.—The recent shift of Mike Murphy from Yale to Pennsylvania carries with it a great advantage for the Quakers. The personality of the veteran trainer has attracted several young men who are eager to get proper athletic training. It is known that several men who were expected to go to Cornell will enter the University of Pennsylvania next fall simply because Murphy is there. Murphy has always done a great deal of "missionary work" among the schools.

Among the men who will be under his care next year are three or four freshmen who should be individual point winners. Among them is Risley, who has cleared six feet in the high jump and was only an inch short of twenty-three feet in the broad jump. He is from Mercersburg Academy, which is coached by Johnny Mack, the former Columbia trainer.

### Outbid Cornell.

Mack got his place at Mercersburg after he left Columbia through the efforts of Jack Moakley, Cornell's trainer. Since that time he has paid his debt of gratitude to Moakley by sending his best men to Cornell. Among these are Umstad, the baseball pitcher; Rice, of the same team, and Magoffin, of the track team.

But Murphy seems to have been able to get the great Risley away from Cornell. Another coming Pennsylvania is Bonsaik, a crack 220-yard runner, who is going close to twenty-two seconds now.

## RATS WALK SLACK WIRE TWO HUNDRED YARDS

BANGOR, Me., July 2.—A crowd of 500 saw nearly one hundred and fifty rats cross an electric wire high above the ground from the town hall to a flour mill more than two hundred yards away.

The rats used their tails as the tight-rope walker uses his balance pole, and not one made a misstep.

## GOOD BLOOD TELLS ITS OWN STORY

And tells it eloquently in the bright eye, the supple, elastic movement, the smooth, soft skin, glowing with health, a body sound and well, an active brain, good appetite and digestion, refreshing sleep, energy to perform the duties and capacity to enjoy the pleasures of life.

The blood is the most vital part of the body; every organ, muscle, tissue, nerve, sinew and bone is dependent on it for nourishment and strength, and as it circulates through the system, pure and strong, it furnishes to these different parts all the healthful qualities nature intended. When, from any cause, the blood becomes impure or diseased, it tells a different story, quite as forceful in its way. Itching, burning skin diseases, muddy, sallow complexions, disfiguring sores, boils, carbuncles, etc., show the presence, in the blood, of some foreign matter or poison. Rheumatism, Catarrh, Contagious Blood Poison and Scrofula, are effects of a deeply poisoned blood circulation. These may be either inherited or acquired, but the seat of trouble is the same—the blood. S. S. S., a purely vegetable blood remedy, cleanses and purifies the circulation and makes it strong and clean. Under its purifying and tonic effects all poisons and impurities are expelled from the blood, the general health is built up, all disfiguring eruptions and blemishes disappear, the skin becomes soft and smooth and robust health blesses life. Rheumatism, Catarrh, Scrofula, Contagious Blood Poison and all diseases of the blood are cured by S. S. S. Book on the blood and any medical advice, free of charge.

## BENNETT CUP RACE HELD THIS WEEK

Four Times Around 85 1-2  
Mile Circuit.

## DRIVERS TO BE CAUTIOUS

Accidents in Practice Trials Have  
Taught Them Lesson—America  
Has Contested Twice.

The one event during the present week in the automobile world will be the sixth contest for the James Gordon Bennett international automobile trophy, to be run on July 5 over the Auvergne circuit in France.

In America the interest is especially noticeable owing to the excellence of three cars entered and the well-known ability of the drivers. America never before has been represented by so good a team. Only in two previous years has the United States sent contestants to this star event of the year.

Alexander Winton, competitor in the first race in 1900, while Winton, Percy Owen, and L. P. Moore tried for the cup in 1902, when the race was held in Ireland. On both of these occasions the American cars suffered mishaps which prevented any of them from finishing.

### Entries.

The following are the drivers, country represented, and make of car:

Driver Thely, representing France, Richard-Brass, England.  
Napier, Janetzky, Germany, Mercedes.  
Lancia, Italy, Fiat; Burton, Austria, Mercedes; Lytle, America, Ford; Brader, Canada, Ford; Richard-Brass, England, England; Wolsley, DeCatera, Germany, Mercedes; Cagno, Italy, Fiat; Braun, Austria, Mercedes; Dingley, America, Pope-Toledo; Dury, France, De Dietrich; Rols, England, Wolsley; Werner, Germany, Mercedes; Nazari, Italy, Fiat; Heynious, Austria, Mercedes; Tracy, America, Locomobile.

### Auvergne Course.

The Auvergne course, over which the race will be run, is about eighty-five and one-half miles in circuit. It will be traversed four times, making a total distance of 342 miles. The start will be made from the town of Clermont-Ferrand early in the morning. Last year the 248 miles over the Homburg course was covered by Thely in 5:50:00, but it is not expected that such fast time will be made this year, owing to the difficulty of the course and the large number of sharp curves. For this reason the drivers will doubtless exercise greater caution, as several accidents have already occurred in trial runs over the course, and cautious driving, instead of recklessness, thus saving wear on the tires, will be one of the necessities for victory.

### Former Winners.

France has won three of the previous five races. A list of the former winners with the respective distances of the race and time, is:

Year.	Winner and country.	Dist.	Time
1900.	Charron, France.....	21 1/2	2:08
1901.	Girardot, France.....	348	9:00
1902.	Edge, England.....	383	10:40
1903.	Janetzky, Germany.....	384 1/2	8:54
1904.	Thely, France.....	327	5:50

**Reductions  
in  
Made-to-  
Measure  
Suits for  
Men**

We want to keep our tailors busy all summer. For that reason we're offering the most unremitting reductions ever made in Washington. Clothes that are even unmatchable values at their regular prices are marked down a half.

**Fabrics up to \$35 Reduced to \$15 and \$20**

That's our offer in a nutshell. All the wanted materials in a wide variety of weights and patterns. You can't be too particular, but what we've the very effect you want to get. No more for a suit for the big, portly fellow than for his less fleshy brother.

Of course we guarantee the fit. And more, we'll use our famous interlining of fine French canvas and haircloth. It displaces padding. Its extension around the shoulders and down the front assures smoothness. Prevents wrinkling, too. It simply can't get out of shape like shifty pads.

Think of this combination of distinctive features in a suit for \$15 to \$20—finest fabrics, perfect fit, the latest style, and a set of the suit that's permanent.
